

YULISTA MRO QUALITY TERMS AND CONDITIONS

Term numbers (1-6) apply to this purchase. Term numbers (7-28) apply as indicated on the Purchase Order (PO). In the event any term cannot be met, please notify Yulista immediately. Unless otherwise stated on the PO, Yulista Standard Terms and Conditions for Commercial Orders are required for this purchase.

1. One (1) copy of each certification document specified below shall accompany each shipment or payment will be withheld until certification is received. Certification shall be signed by a responsible member of the Seller's firm. Each certification shall identify the Yulista Purchase Order and shall identify the items covered by the certification. Materials received without certification may be rejected and returned at the Seller's expense.
 - a. General Compliance: The Seller shall provide a Certificate of Compliance that all materials, processes, and/or finished items supplied under this order are as specified by the Yulista Purchase Order.
 - b. Critical and Limited Life Items: The date of manufacture and shelf life must be supplied with each limited life item. Limited life items must have a minimum of 50% of their shelf life remaining when received by Yulista.
2. The Seller is responsible for the quality of the components it provides. If a non-conforming part is received by Yulista, a Supplier Corrective/Preventative Action Request (SCAR) may be issued, requiring the Seller to comply by the date requested on the SCAR. If the Seller does not comply, Yulista will place the Seller on notice and possibly remove the Seller from the Yulista Approved Vendor List (AVL).
3. Unless otherwise specified, Sellers providing services that are on Yulista's FAA approved Contract Maintenance Function List must notify Yulista of all non-conformities and/or conditions which product malfunction, defect, and un-airworthy conditions exist and have to be dispositioned.
4. Traceability: The Seller shall provide objective evidence of the quality of the item supplied (manufacturing, assembly, inspection, test and special process records). When required by the Customer, contract, or authority, the Seller may be required to retain additional records for a minimum of two (2) years. These records shall be sufficient to prove conformance to all applicable specifications and drawings. These records shall be made available to Yulista within forty-eight (48) hours upon request.
5. No regulatory or statutory requirements may be waived.
6. The Seller's packing sheet and invoices are to reflect the same Mil-SPEC and/or Seller's part numbers listed on the Yulista Purchase Order.

Term numbers (7-28) apply only as indicated on the Purchase Order (PO)

7. Work under this order is subject to Yulista, Customer, Government, and/or Regulatory Agency surveillance at the Seller's facility. Yulista Quality Assurance Representatives may elect to conduct inspections either on a surveillance basis or to the extent of a 100% inspection. The Seller shall be notified if a Yulista inspection is to be conducted on specific shipments.
8. The Seller shall have a Quality Management System or industrial reputation that is acceptable to YAI. Suppliers already certified to ISO: 9001: 2008, AS9100, AS9110, AS9120 or are FAA Part 145 Repair Station Approved are preferred.
9. Quality Control Plan: The Seller's Quality Control Manual or equivalent for conformance to applicable program Specifications shall be submitted to Yulista at least thirty (30) days before shipment unless otherwise specified.
10. Calibration Control: The Seller shall control the calibration of all measuring devices against certified standards traceable to the National Institute of Standards and Technology (NIST). The calibration program shall conform to Specification ANSI/NCSL-Z540 1-1994, "Calibration System Requirements".
11. Statistical Process Control (SPC) data in contractor format are required with this shipment.
12. Process Control: The Seller shall maintain control and approval of all manufacturing (such as welding, soldering, plating, and painting) and inspection processes used in the performance of this order. The Seller shall maintain objective evidence of process qualification in accordance with applicable specifications. The approval status shall be subject to review and disapproval by Yulista.

Term numbers (7-28) apply only as indicated on the Purchase Order (PO) - Continued

13. First Part Inspection: The Seller shall submit a sample first item for dimensional and functional approval prior to making production item(s). The Seller shall notify Yulista when the item is ready for approval examination. Such examination may be conducted at the Seller's facilities or at the Yulista receiving inspection area.
14. The Seller shall notify Yulista of any sub-tier vendors or suppliers.
15. The Seller must obtain YAI approval for non-conforming product disposition.
16. Part Identification: All items supplied under this order shall be identified with complete nomenclature and part numbers in accordance with MIL-STD-130 or as specified.
17. Raw Material Identification: All raw material, including plate, bar, extrusion, and sheet of aluminum, steel, or other material, must be identified per the applicable specification. Identification to Yulista Purchase Order Number is also requested.
18. ESD Packaging/Packing Requirements: Static-sensitive parts shall be packed in a conductive frame or with leads inserted in conductive elastomer or foam to protect them against electrical charges. External labels shall identify the package on at least two sides as containing static-sensitive devices. (MIL-B-81705)
19. A Material Safety Data Sheet (MSDS) is required with each shipment.
20. Specific Compliance: The Seller shall certify that all parts, materials, processes, and finished items supplied under this order were inspected, tested, and found to comply with the requirements of this order. Inspection and test data shall be maintained for a minimum period of two (2) years and are subject to Yulista examination. The applicable drawing and/or specification and its revision shall be referenced.
21. Quality records shall be retained by the supplier for the duration of the contract and thereafter for 3 years from the completion of the last delivery.
22. Material Test Results: The Seller shall submit a chemical and physical test report for all materials shipped under this order with actual test results from samples representative of this material.
23. Two (2) copies of manually signed Seller's test results shall accompany the shipment
24. Inspection Data: One (1) copy of the item drawing or applicable catalog page shall accompany parts for receiving identification and inspection
25. Inspection and Test Plan: An inspection and test plan for the control of articles furnished in accordance with this Purchase Order shall be prepared and specifically written to outline the product flow from receipt of materials through fabrication, assembly, and test operations. The plan defines the inspection points throughout the manufacturing sequence and describes what, where, and when inspections shall be implemented to control the product. A general description of procedures and records used shall be adequate. Two (2) copies of the plan shall be forwarded to Yulista at least forty-five (45) days before order shipment unless otherwise specified.
26. Yulista will only accept Qualified Product List Database (QPL/QPD) managed Military Specification (MIL-SPEC) material from QPL/QPD approved manufacturers, when applicable, per the appropriate MIL-SPEC standard. MIL-SPEC material purchased for Build-to-Print products must also be obtained by QPL/QPD approved manufacturers, when applicable, per the appropriate MIL-SPEC standard. The seller is responsible for passing Yulista MIL-SPEC purchase requirements to all sub-tier vendors and manufacturers. The Certificate of Conformance (CofC) for all QPL/QPD managed MIL-SPEC items must include the manufacturer of the product. The Manufacturer Designation must also be visually present on all CARC material. All required testing for CARC paint application per MIL-DTL-53072 PARAGRAPH 4, VERIFICATION, shall be performed.
27. Qualifications of personnel shall be as specified on the Purchase Order.
28. All fasteners require inspection by the Seller before shipment to Yulista.
